Set under the theme 'Crenovative Origin' where creativity meets innovation and originality, STYLE Bangkok shows underlines the outstanding lifestyle products that are uniquely Thai. The materials are locally sourced, intricately crafted and heart-made by a local craftsman.

Experience their diverse designs of Southeast Asia at the Bangkok International Trade & Exhibition Centre (BITEC), where they will be displaying the latest collections of lifestyle products - from fashion and apparel, to gift and houseware, as well as furnishings and home décor. Asia's premier lifestyle show will take place from the 17th April 2019 to the 21st April 2019.

STYLE Bangkok will provide an international platform catering to over 50,000 buyers where more than 1,000 brands will all be on display under one roof. Its integral strategies are underlining the inclusivity of designs while also offering experiential opportunities and business inspirations at the trade event.
